What is NCWorks?

NCWorks is the state of North Carolina's workforce development system, helping jobseekers and businesses find each other and work on what's next for everyone's future success. NCWorks services are delivered by a group of collaborating partners, such as the N.C. Department of Commerce, the N.C. Community College System, the N.C. Department of Public Instruction, the N.C. Department of Health & Human Services and local workforce development boards.

Through NCWorks, these organizations and other workforce system stakeholders have built a stronger alignment of services and resources to meet the workforce needs of businesses, to connect North Carolinians to technical training and quality careers, and to use data to monitor and assess program outcomes. NCWorks is the one name to know when you need the strength of an integrated workforce system standing behind you, responsive to the needs of employers, and one that better prepares workers for today's economy in North Carolina.
